

Red-D-Arc™

Why rent from Red-D-Arc?

THE RENTAL ADVANTAGE

Renting means paying for equipment only when you need it. We can deliver and pick up the equipment at your convenience. Reliable equipment; no long-term liabilities.

EXPERT CONSULTATION

We'd be happy to meet with you to evaluate your project, introduce our rental products, and discuss our full range of services and solutions.

COMPLETE PACKAGE

We provide all accessories and cables you need to get the job done. Our team will consult with you on the details of your project to ensure that everything will be on-site and ready for startup.

ON-SITE TRAINING

When required, our team of specialists can provide on-site operator and safety training.
