

NORTHSTAR

Tasting Room Operations

The health and safety of our customers and winery staff remains our number one priority as we re-open our tasting room spaces to the public.

As such, we wanted to share with you some details about the guidelines we are following as we welcome guests back to our property:

- We've reduced our occupancy of all our spaces.
- Currently, visitation to our tasting is open to reservations and carry-out wine sales
 - Each reservation will be limited to 10 guests per booking.
 - Seated tasting experiences are limited to 60 minutes per reservation. Guests will have additional time after their tasting is complete to purchase wines.
 - Payment will be collected after your tasting is complete.
 - If you wish to acquire any of our wines or merchandise, we are currently accepting payment by credit card or Apple Pay. We will not be accepting cash.
- We've spaced out time between reservations for thorough cleaning and disinfection of the tasting spaces.
- Northstar Winery is following the most recent Washington State guidelines. Guests must wear a cloth face covering indoors anytime they are not seated (while being seated or leaving, or while going to the restroom) and while they are seated at tables and not eating or drinking. Employees are required to wear a cloth face covering while at work and interacting with guests.
- Guests not feeling well or displaying symptoms of illness will be asked to return at a later date.
- All winery and tasting spaces will be thoroughly cleaned and disinfected throughout the day followed by additional deep cleaning in off-hours.
- Hand sanitizer, disinfecting wipes, soap and water will be available to employees and customers.

In addition to the above, all winery employees are required to adhere to the strict state-mandated health & safety regulations, which include:

- Daily health screenings when arriving at work - checking for temperature, cough, or shortness of breath.
- Training on proper cleaning, hand washing, distancing etiquette and best hygiene practices.
- Washing hands before entering tasting rooms and regularly throughout shifts.
- Maintaining 6 feet of separation from other individuals when possible.
- Gloves and face masks have been provided to all employees.

Thank you for your willingness to help us keep everyone safe!
We look forward to seeing you soon.
