

Privacy Statement

This Platform (hereinafter the “**Platform** “) is provided by 2022 ENVIRONMENTAL SCIENCE, SOCIEDAD DE RESPONSABILIDAD LIMITADA DE CAPITAL VARIABLE (hereinafter “**us**” or “**we**”). For further information regarding the provider of the Platform, please refer to our imprint.

Handling of personal data

In the following we wish to provide you with information on how we handle your personal data when you use our Platform. Unless otherwise indicated in the following chapters, the legal basis for the handling of your personal data results from the fact that such handling is required to make available the functionalities of the Platform requested by you (Art. 6(1)(b) General Data Protection Regulation).

Using our Platform

Accessing our Platform

When you call up our Platform, your browser will transfer certain information to our Platform server. This is done for technical reasons and required to make available to you the requested information. To facilitate your access to the Platform, the following information is collected, briefly stored and used:

- Display Name
- Email address
- Given name
- Surname

Moreover, to protect our legitimate interests, we will store such information for a limited period of time in order to be able to initiate a tracking of personal data in the event of actual or attempted unauthorized access to our servers (Art. 6(1)(f) General Data Protection Regulation).

Registration and login

In order to be able to use certain services of our Platform, you need to first register an account with us, where you are able to determine your personal login credentials that you need to be able to log into your personal account. For this registration and subsequent login procedure, we collect the following information about you:

- Display Name
- Email address
- Given name
- Surname

We process this personal data in order to provide you with an access to the services of our Platform. They are deleted in case you deactivate your user account.

Setting of cookies

What are cookies?

This Platform uses so-called “cookies”. Cookies are small text files that are stored in the memory of your terminal via your browser. They store certain information (e.g. your preferred language or site settings) which your browser may (depending on the lifespan of the cookie) retransmit to us upon your next visit to our Platform.

What cookies do we use?

We differentiate between two main-categories of cookies: (1) **strictly necessary cookies**, which are essential to browse the Platform and use its features, and (2) **optional cookies** (e.g. analytic cookies, targeting cookies, functional cookies) used for e.g. Platform analysis, Platform personalization and marketing purposes.

This Platform does not use any optional cookies.

External services or content on our Platform

We include third-party services and/or content on our Platform. When you use such third-party services or when third-party content is displayed, communication data are exchanged between you and the respective provider for technical reasons.

The respective provider of the services or content may also process your personal data for own additional purposes. To the best of our knowledge, we have configured the services and content of providers known to process personal data for own purposes in such a way that either any communication for other purposes than to present their services or content on our Platform is blocked, or communication only takes place once you have actively opted to use the respective service. However, since we have no control over personal data collected and processed by third parties, we are not in a position to provide binding information regarding the scope and purpose of such processing of your personal data.

For further information regarding the scope and purpose of such processing of your personal data, please consult the privacy statements of the providers whose services and/or content we include and who are responsible for the protection of your personal data in this context:

This Platform does not use currently External services, but it shall be the case starting 2023. We will update this Privacy statement accordingly as soon as this service is implemented.

Transfer of personal data for commissioned processing

For the processing of your personal data we will to some extent use specialized service contractors. Such service contractors are carefully selected and regularly monitored by us. Based on respective data processor agreements, they will only process personal data upon our instruction and strictly in accordance with our directives.

This includes in particular also Microsoft AZURE for Data hosting

Authorities and state institutions

We may share your personal data with law enforcement agencies or other authorities and state institutions if legally required or necessary for the purposes described above.

External lawyers

In order to support legal decisions and to pursue or defend against legal claims, we may share your personal data with external lawyers.

Prospective buyers in the context of Mergers & Acquisitions

We may share your personal data with a prospective buyer in case of an acquisition, merger or any other type of corporate or asset transition involving a change of ownership or control concerning us or our services.

Information regarding your rights

The following rights are in general available to you according to applicable data privacy laws:

- Right of information about your personal data stored by us;
- Right to request the correction, deletion or restricted processing of your personal data;
- Right to object to a processing for reasons of our own legitimate interest, public interest, or profiling, unless we are able to prove that compelling, warranted reasons superseding your interests, rights and freedom exist, or that such processing is done for purposes of the assertion, exercise or defense of legal claims;
- Right to data portability;
- Right to file a complaint with a data protection authority;
- You may at any time with future effect withdraw your consent to the processing of your personal data.

For further information please refer to the chapters above describing the processing of personal data based on your consent. If you wish to exercise your rights, please address your request to our company data protection office indicated below.

Contact

For any questions you may have with respect to data privacy, please address your request to company data protection officer at the following address:

2022 Environmental Science FR SAS is designated as representative in the European Union for our non-European legal entities in accordance with Art. 27 GDPR. You may contact the representative at the following address:
