

Adjustable Height Pipe Support Stands

Maximum 48" Diameter Pipe, 2 Ton Weight Capacity

Red-D-Arc's AHPS4 pipe stands are designed to support pipe ranging from 2" to 48" in diameter with a capacity of up to 4000 lb. Available in low-profile and high-profile versions, featuring polyurethane rollers which are adjustable depending on the diameter of the pipe. These pipe stands are typically used along with Red-D-Arc positioners or turning rolls. All Red-D-Arc Weld Automation equipment is full UL and CE certified and has been tested and certified by UL to establish safe working loads - a first in the weld automation industry.
