

MONITORING SERVICES

Preserving Life One Person at a Time

Specialized Rental Equipment. Creative Solutions.

With over 40 years of experience, Airgas On-Site Safety Services is on the forefront of providing creative safety solutions through specialized equipment and a full range of safety-related services. Our knowledgeable, professionally certified technicians guide you in the proper selection of monitoring instruments and training programs for your worksite needs. Airgas On-Site Safety Services comprehensive rental product selection, coupled with our technical training and customized on-site services, helps you concentrate on your core business while we manage your safety monitoring.

Airgas On-Site Safety Services delivers the resources and expertise of Airgas added to the Oilind Safety heritage that you trust.

Quality Control and a Large Inventory...that's the Airgas On-Site Safety Services difference.

Strict adherence to quality control makes sure our monitoring rental equipment is maintained to the highest standards in the industry. Monitoring Services include:

Rental Equipment

- Most comprehensive rental inventory of environmental, industrial hygiene and safety instrumentation equipment in the industry
- Minimize problems with expert planning, scheduling and storage recommendations
- Properly maintained and calibrated equipment to manufacturer's specifications

Monitoring Equipment and On-site Certified Monitoring Services

- Single-gas and multi-gas monitors
- Photo-ionization detectors
- Gas sensing systems
- Sampling pumps
- Remote (wireless) gas detection systems and sampling pumps

Industrial Health Monitoring

- Heat stress
- Dust
- Noise
- Water quality

On-site all the time, during turnarounds

Improved worker productivity and plant safety. That's what you get with Airgas On-Site Safety Services. Maintain efficient compliance services plus on-site supplies of safety equipment, gases and welding equipment. Too often, businesses focus on the lowest individual product cost while losing sight of the lowest total cost of the project or production process. Airgas On-Site Safety Services provides solutions that protect your workers and keep your total cost down. That's why more businesses are turning to us for all of their on-site safety services needs.

When combined with *OUTLOOK*® Managed Services, On-Site Safety Service Centers provide a powerful solution to reduce waste, bottlenecks and inefficiencies in supply chain management. Airgas On-Site Safety Services delivers savings up to 20 times more than those realized by simply searching for the lowest price alone. All your safety equipment and supplies, gases and welding equipment needs...you'll find it with us.

Safety...and much more.

With an expansive national footprint and an extensive product line, industrial construction specialist expertise, Red-D-Arc® welding rental equipment, complete industrial gas resources and safety training programs, Airgas On-Site Safety Services provides the complete solution for all your on-site safety, MRO and gas supply needs.

Engineering the right solutions for all your safety and turnaround needs.
