

SB80 Power Distribution Panel

Description

Provides remote electric power distribution in space restricted locations such as the inside of vessels or other hard-to-access work areas and includes 4 -120 VAC duplex receptacles with 20 amp GFI breakers. The SB80 Splitter Box plugs into a 240 VAC twist-lock receptacle on larger voltage-step-down panels. Available with heavy duty extension cable (not shown) which provides power for portable operation of power tools up to 100 ft away from the primary-power source. CSA Approved

Features

- Distributes 120 Volt Power
- Compact, Portable Design
- Stainless Steel Construction
- NEMA 3R Enclosure
